

SPRAY NINE®
BRAND

grease grabber

HARD-HITTING HAND CLEANER

Grease Grabber's fast breaking cleaning power cuts through the toughest soils such as grease, tar, paint, gasket cement, ink and other hard-to-remove soils on contact. Tough on dirt, easy on hands, **Grease Grabber** uses the power of pumice to deep clean and soothing lanolin to soften chapped skin.

PRODUCT SPECIFICATIONS

Chemical Description: **Grease Grabber** is a lanolin enriched emulsion of highly purified odorless solvents and deep cleaning pumice in a detergent solution.

Appearance..... purple cream
Fragrance..... patchouli
pH..... ~8.0
Solubility..... dispersible
Biodegradability information available from the manufacturer upon request.
